

Staff Engagement Workshop

An opportunity to Engage your staff on Energy Efficiency

Energy prices are ever increasing, a price on carbon is just around the corner and energy efficiency must be a key part of your business plan... Now!

Green Capital and the Total Environment Centre have developed an engaging & informative workshop in partnership with NSW Department of Environment & Climate Change (DECC) on energy efficiency and sustainability.

The workshop will inspire and motivate your staff to take energy efficiency into consideration in both their personal life and in the workplace.

This workshop will help your organisation to:

- engage and enthuse your staff on sustainability and energy efficiency
- set targets and develop an action plan to reduce your energy, gas and greenhouse emissions
- access the latest tools & resources on energy efficiency and sustainability
- develop a case study to profile your achievements

Components of the Workshop

- 3-hour tailored workshop for between 15-25 of your staff
- facilitators:
 - Irmine van der Geest, Sustainability Advisor with Green Capital
 - Sarah van Erp, Resource & Climate Change campaigner TEC
- interactive exploration and identification of issues
- creative problem solving techniques
- contribution of staff ideas and experiences
- review of personal barriers and challenges
- identification of solutions and action planning
- discussion on embedding sustainability in your workplace culture

Time Frame

| | |
|----------------------|--|
| 7 August | Deadline for Expressions of Interest to be received by Green Capital |
| 10 -14 August | Selection of firms and confirmation of workshop dates |
| 17 August – 11 Sept. | Workshop delivery |
| Feb – March | Progress evaluation / implementation review |

Costs

Our partnership with DECC means we are happy to be able to offer the workshop for one off price at \$500 ex GST.

Expression of Interest

Green Capital is calling for Expressions of Interest from NSW businesses/ organisations to take part in one of these workshops.

To be selected organisations should apply in writing and address the following selection criteria:

- commitment to have 15-25 employees participating in a 3-hour workshop between 17 August – 11 Sept
- having the desire/ or plan to progress further on energy efficiency and sustainability within the organisation
- ability and willingness to track energy usage of the organisation
- willingness to track and report on results/ improvements after 6 months
- willingness to feature in article(s) and/or case studies generated by Green Capital or DECC
- training sessions will preferably be held on-site at your premises.

We look forward to hearing from you!
